First come, first served!

The North Country Vision Clinic screening event provides free vision services. If a vision problem is detected during screening, the eye doctor on the vision van will perform a free screening. If glasses are needed, patients can choose their frames on site and will receive their glasses free of charge in the mail in about a month. *Parental/guardian consent will be needed for anyone under 18 years of age.*

NH Healthy Families members can find out how to check the balance of their **CentAccount** or **My Health Pays** rewards card while they wait for their eye exam!
